How This Preen Product Works

LIFT HERE TO OPEN

Facts and Tips

Preen® Weed & Grass Killer is a general purpose herbicide designed as a ready-to-use spray to control a broad spectrum of emerged annual and perennial weed species. It will control unwanted species of grass, sedge, broadleaf weeds, and certain woody species around trees, shrubs, and fences. This product kills plants by inhibiting the production of a substance found only in plants. It enters plants through the sprayed foliage and moves down to the roots.

This product is nonselective and will kill or injure all vegetation contacted by the spray. Do not spray plants or grasses you like—they may die too. **Not recommended for spot weed control in lawns since this product kills lawn grasses.**

Any product not absorbed by plants breaks down into natural materials without moving in or on the soil to untreated plants.

This product has no soil residual activity and thus will not affect nearby untreated plants.

Plants that have not emerged at the time of application will not be controlled.

Best results will be obtained when the weed species are actively growing.

Tough Weed Control

Preen® Weed & Grass Killer will provide full or partial control (suppression) of these annual and perennial weed species:

Lawn and Turfgrass such as Bermudagrass, Bluegrass, Fescue, Zoysiagrass and other grasses.

Woody Species such as Poison ivy, Poison oak, Sumac, Trumpet creeper and others.

Annual and Perennial Weed Species such as Dandelion, Crabgrass, Clover, Goosegrass, Knotweed, Spurge, Yellow nutsedge and many other weeds.

PREEN GUARANTEE

Lebanon Seaboard Corporation guarantees you will be satisfied with the performance of this product when used as directed, or your money back. If not satisfied, describe the nature of your problem, and send with proof of purchase to:

PROOF OF PURCHASE

SPECIMEN LABEL

Restrictions for weed species in California (Not for use in California): Buffalograss, Carpetgrass, Barberry, Mock orange, Western red cedar, Oleander and Red sorrel.

Where to Use

For General Weed Control and Spot Spraying

- Along and on sidewalks, gravel/brick walkways, paths, curbs, paved areas (private roads and streets), driveways, parking areas, recreational areas.
- Along ornamental lawns and turfgrass.
- Around or near ornamental/shade trees, fruit and nut trees, grapevines, shrubs, groundcovers, flower beds, mulched landscape beds.
- Along fences, hedgerows, under fencelines.
- Around rocks, signposts, light posts, or on fringe areas.
- Around or along buildings/structures, foundations, patios, houses, mobile homes, vacant lots, urban areas, domestic outdoor premises, and other areas associated with household or home life.
- Urban areas where total vegetation control is desired.

Directions for Use

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Keep children and pets out of treated areas until sprays have dried.

How and When to Apply

Preen® Weed & Grass Killer is formulated for "spot" treatment of individual weeds and grasses. This product is ready-to-use (RTU) and is applied directly from the container fitted with a trigger sprayer. Adjust the sprayer tip to deliver coarse spray droplets to the individual weeds. Direct the spray to the target weeds—the ones you want to kill—to provide uniform and thorough coverage. Apply on a spray-to-wet basis.

- Apply when the weeds are growing actively and air temperatures are above 60°F.
- Spray when air is calm to prevent drift to desirable plants.
- When treating around desirable plants, shield plants from drift with a sheet of cardboard or plastic. If desirable plant is accidentally sprayed, rinse off immediately with water.
- One (1) application will kill most of the weeds listed.
- Weeds usually begin to wilt within hours with complete kill in 1 to 2 weeks.
- Rain or watering 2 hours after application will not wash away effectiveness.

• Weed control may be reduced under adverse environmental conditions, e.g., drought, cool temperatures or misapplication. Difficult to control weeds, dense infestations/populations, or heavy/dense growth (canopy) of the target species may require additional applications. Two (2) or more applications at four (4) weeks intervals may be required for season-long control.

• This 170 fl. oz. (1.33 gallon) retail container size treats approximately 1,328 weeds or up to 4,648 sq. ft.

Warranty

The Distributor warrants that this product conforms to its chemical description and is reasonably fit for the purpose stated on the label when used in accordance with directions under normal conditions of use, but neither this warranty nor any other warranty of merchantability or fitness for a particular purpose, expressed or implied, extends to the use of this product contrary to label instructions, or under abnormal conditions, or under conditions not reasonably foreseeable to Distributor, and Buyer assumes the risk of any such use.

PRECAUTIONARY STATEMENTS
Hazards to Humans and Domestic Animals

CAUTION Causes moderate eye irritation. Harmful if absorbed through skin. Avoid contact with skin, eyes or clothing. Harmful if swallowed. Wash thoroughly with soap and water.

FIRST AID

IF IN EYES:	<ul style="list-style-type: none">• Hold eye open and rinse slowly and gently with water for 15-20 minutes.• Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.• Call a poison control center or doctor for treatment advice.
IF ON SKIN OR CLOTHING:	<ul style="list-style-type: none">• Take off contaminated clothing.• Rinse skin immediately with plenty of water for 15-20 minutes.• Call a poison control center or doctor for treatment advice.
IF SWALLOWED:	<ul style="list-style-type: none">• Call a poison control center or doctor immediately for treatment advice.• Have person sip a glass of water if able to swallow.• Do not induce vomiting unless told to do so by a poison control center or doctor.• Do not give anything by mouth to an unconscious person.

Have the product container or label with you when calling a poison control center or doctor or going for treatment. For additional information in case of emergency, call toll free (888) 208-1368.

Environmental Hazards

Do not apply directly to water. Do not contaminate water when disposing of equipment washwater and rinsate.

Physical or Chemical Hazards

Combustible. Do not use or store near heat or open flame.

Storage and Disposal

Pesticide Storage: Store in original container in a locked storage area inaccessible to children and domestic animals.
Pesticide Disposal: If empty: Do not reuse this container. Place in trash or offer for recycling if available. **If partially filled:** Call your local solid waste agency or toll free number (1-800-CLEANUP) for disposal instructions. Never place unused product down any indoor or outdoor drain.
