Warranty

The Distributor warrants that this product conforms to its chemical description and is reasonably fit for the purpose stated on the label when used in accordance with directions under normal conditions of use, but neither this warranty nor any other warranty of merchantability or fitness for a particular purpose, expressed or implied, extends to the use of this product contrary to label instructions, or under abnormal conditions, or under conditions not reasonably foreseeable to Distributor, and Buyer assumes the risk of any such use.

STOP - Read the entire label first.
Observe all precautions and follow directions carefully.

What this Preen Product Does

LIFT HERE TO OPEN 

Preen® Lawn Weed Killer contains TRIMEC® turf herbicide, a combination of three proven weed killers - 2,4-D, mecoprop-p, and dicamba. Together they control a wide range of broadleaf weeds commonly found in home (residential) lawns. This ready-to-use herbicide is intended for spot treatments only. Weeds that have not emerged at the time of application will not be controlled.

Where to Use

Northern Grasses - Kentucky bluegrass, perennial ryegrass and fescues.

Southern Grasses - St. Augustinegrass, centipedegrass, bentgrass, bahiagrass, bermudagrass and zoysiagrass.

Prohibitions

- Do not apply to garden plants, flowers or shrubs.
- Do not use this product on carpetgrass, dichondra, nor on lawns with desirable clovers.

How to Use

Use to spot treat weeds in the lawn. Preen® Lawn Weed Killer is designed for easy treatment of small weed patches without mess or trouble and without bending or stooping.

NO MIXING OR POURING - AIM AT WEED AND SPRAY

For best results, use Preen® Lawn Weed Killer when weeds are actively growing. Rainfall or watering soon after application may reduce effectiveness.

PREEN GUARANTEE

Lebanon Seaboard Corporation guarantees you will be satisfied with the performance of this product when used as directed, or your money back. If not satisfied, describe the nature of your problem, and send with proof of purchase to:

broadleaf weeds

Directions for Use

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Do not allow people (other than applicator) or pets on treatment area during application. Do not enter treatment area until spray has dried.

For Refill Containers

Preen® Lawn Weed Killer is ready-to-use and is applied directly from the container. Remove the cap from the container and attach the trigger sprayer. Wet the broadleaf weeds thoroughly using short bursts of spray. Excessive spraying can injure some lawns.

Care and Instructions for Trigger Sprayers

Operation

1. Remove sprayer from bag.
2. Unscrew cap from bottle and remove the foil seal.
3. Making sure that tube is properly inserted through hole in cap, insert tube into bottle and screw on cap.
4. Open spray nozzle approximately one full turn.
5. TO PRIME - With sprayer directed at the target area, operate trigger until spray begins (approximately 10 to 15 times).
6. Adjust the sprayer nozzle for desired spray pattern.

Storage of Trigger Sprayer

1. Close spray nozzle.
2. Hook the trigger on or under the bottle handle so that trigger is above the level of contents.
3. To prevent clogging of trigger, remove sprayer from bottle and pump clean water through the hose and trigger.

How to Prime and Care for Your Sprayer

1. After shaking product well, remove cap from container and replace with sprayer hose and cap assembly. Tighten securely.
2. Turn sprayer nozzle one half turn counter-clockwise. Hold sprayer below the level of container and prime by pumping trigger 10 - 15 times until product is dispensed. Adjust nozzle to coarse stream.
3. To store, turn nozzle to "OFF" position and store with sprayer above level of liquid in container to prevent leakage.

PRECAUTIONARY STATEMENTS
Hazards to Humans and Domestic Animals

CAUTION Harmful if swallowed. Avoid contact with skin, eyes or clothing. Wear goggles when applying this product. When using this product, wear long-sleeved shirt, long pants, socks, shoes and rubber gloves.

After using this product, rinse gloves before removing, remove clothing and launder separately before reuse, and promptly and thoroughly wash hands and exposed skin with soap and water. Remove saturated clothing as soon as possible and shower.

FIRST AID

IF IN EYES:	<ul style="list-style-type: none">• Hold eye open and rinse slowly and gently with water for 15-20 minutes.• Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.• Call a poison control center or doctor for treatment advice.
IF ON SKIN OR CLOTHING:	<ul style="list-style-type: none">• Take off contaminated clothing.• Rinse skin immediately with plenty of water for 15-20 minutes.• Call a poison control center or doctor for treatment advice.
IF SWALLOWED:	<ul style="list-style-type: none">• Call a poison control center or doctor immediately for treatment advice.• Have person sip a glass of water if able to swallow.• Do not induce vomiting unless told to do so by the poison control center or doctor.• Do not give anything by mouth to an unconscious person.

Have the product container or label with you when calling a poison control center or doctor or going for treatment. You may also contact (888) 208-1368 for emergency medical treatment advice.

Environmental Hazards

This product is toxic to aquatic invertebrates. Drift or runoff may adversely affect aquatic invertebrates and nontarget plants. Do not apply directly to water. Do not contaminate water when disposing of equipment washwater.

Storage and Disposal

Pesticide Storage: Keep from freezing. Store in original container in a locked storage area inaccessible to children and domestic animals.

Pesticide Disposal: **If empty:** Do not reuse this container. Place in trash or offer for recycling if available. **If partially filled:** Call your local solid waste agency or toll free number (1-800-CLEANUP) for disposal instructions. Never place unused product down any indoor or outdoor drain.
